# NURSERY NEWS

*WRF Nursery & Garden Center*

**WRF GREENHOUSE GROWN**  
GROWN FOR YOU

WRF NURSERY  
WRF NURSERY  
WRF NURSERY

We've been busy! This season we are offering more **NEW** varieties of annuals, vegetable plants and perennial plants than ever before!

## YOUR NO-LIMIT GUIDE TO GARDENING

If we could give just one recommendation to the region's gardeners, it would be: don't limit yourself to the big-box selection! Home improvement stores and retail giants may have the popular plant varieties, but this is only a small fraction of what you can grow in your zone 5 garden! There is no limit to the number of beautiful perennial plant combinations that you plant just once to enjoy year after year. Check out our plant recipes on page 2.

Other garden centers focus on annual flower sales, our focus is on perennial plants, shrubs, and trees. Did you know we have over 1800 trees in our

nursery? Not to mention a vast selection of perennial plants and shrubs numbered in the thousands? This season we are offering more planting options than ever before! We added bold, new plant varieties like 'Neon' Stonecrop, 'Phasion' Cannas, and 'Eccentric' Echinacea just to name a few. Inside our gift shop you'll also find several new lines of pots and trendy garden decor.

If it has been a while since you've been to WRF, spring on over! Find valuable coupons on page 2!
